June 2013

Founder Award 2013

Aschoff Solar won the regional “Founder Award” in the category StartUp, given by a local bank association in South Germany. Mr. Friedhelm Aschoff and Mr. Carsten Aschoff took the award on 25th of April in the name of Aschoff Solar.

The “German Founder Award” is the most significant award for distinguished entrepreneurs in Germany and will be given for exemplary performances at the development of innovative and sustainable business ideas as well as at the organisation of new enterprises.

The jury voted for Aschoff Solar due to realized projects of the company in Solar Thermal and Photovoltaics, primarily on the Asian market.
