New Project, DBW, Garment Factory in Ho Chi Minh City, Vietnam

Aschoff Solar and Terramar Vietnam finished a new PV project, for *DBW* in Ho Chi Minh City. The workings passed off hand in hand, so the construction was accomplished after only 9 days.

The System is designed to generate electricity for self consumption, required for the manufacturing process.

DBW's factory is a new one with a size of 15,000 m², and implementing this Solar Power System proves the rising importance of green energy in Vietnam.

The factory of *DBW* is held by a German owner and obtained the LOTUS Certification on 13th of May, 2016. Thereby it is on the right track to achieve a Platinum Rating at Full Certification.
