

## Aschoff Solar Company News

July 2017

### New Project, Hape International, Toy Factory in Ningbo, China

Aschoff Solar finished a new Solar Power System, for *Hape International* in Ningbo.

The System is designed to generate electricity for self consumption, required for the manufacturing process in the toy factory and to charge E-Motorcycles of the staff.

Together with the Solar Thermal System from 2011 and the Solar Power System from 2014, it's the third installation of a Solar System that Aschoff Solar has realized for the world leader in producing wooden toys.

The System was installed on the flat roof of the warehouse on a customized carport structure in only 10 days and will be used as a shelter for motorcycles of the staff.

#### Project Data

Customer:	Hape International
Location:	Ningbo, China
Solar Power:	225 kWp
Solar Yield:	270,000 kWh/year
